

Fire Warden Training Course (½ day)

Date: **10th September 2010** Venue: **78 New Oxford Street London** Time: **09.30am**
Cost: **£99 + VAT per delegate**

Course Overview:

This 1/2 day course is aimed at employees with a designated role in relation to workplace fire safety. The course builds on the understanding of the phenomenon of fire that all of us can recognise, but the majority of people fail to fully appreciate. The course material and handouts are used in conjunction with Fire Safety Employers Guide and current legislation.

Aim:

The training aims are designed to enable employees identified in your emergency plan who have a supervisory role in the event of a fire (e.g. heads of department, fire wardens or marshals and, in some large workplaces, fire fighting teams) to meet the training requirements of "Fire safety An Employer's guide" and current legislation.

Learning Objectives: By the end of the course delegates should:

- Be aware of key fire safety duties under the law.
- Be able to recognise habitual human behaviour in a fire situation.
- Know the typical role of a fire warden in relation to workplace fire safety.
- Be able to state the basic principles of risk assessment.
- Be aware of how to prevent fire or limit its impact.
- Be able to state the common modes of building evacuation.
- Recognise the need for fire drills and pre-planning for fire.
- Recognise active and passive fire safety measures and facilities.
- Be able to identify the different types of portable fire extinguishers and their appropriate use.

Prerequisites: None. Although ideally delegates should have attended a Fire Awareness course or have a basic understanding of fire safety in the workplace.

Who should attend? All employees will benefit from the training, particularly new staff and managers. It is especially useful to those employees and managers with a fire safety designated responsibility.

Programme:

- Review of modern fire safety law.**
- Human behaviour in a fire situation.**
- The role of the fire warden.**
- Basic principles of risk assessment.**
- Routine fire prevention measures.**
- Modes of evacuation.**
- Fire drills & pre-planning**
- Fire safety features and facilities.**
- Fire-fighting equipment.**

Certification: Delegates will be awarded a certificate of attendance on successful completion of assessment.
