

## **Bronwyn Clifford**

### **THE PERSON**

Bronwyn Clifford is a Chartered Physiotherapist and Ergonomics Consultant. She specializes in work-related musculoskeletal disorders, primarily repetitive strain injuries (RSI) and back pain. She has worked as an Occupational Health Physiotherapist and Ergonomics Consultant for various industries including television, healthcare, finance and government. Her work has involved providing on-site physical therapy, DSE training, manual handling training, back care awareness classes and general ergonomic advisory and training. Bronwyn has served as the Publicity Officer for the executive committee of the Chartered Physiotherapists in Occupational Health and Ergonomics (ACPOHE), and continues to assist the Chartered Society of Physiotherapy with media campaigns surrounding work-related disorders. She graduated in Physiotherapy from the Auckland University of Technology, New Zealand, and completed a Post Graduate Diploma in Health Ergonomics from the University of Surrey.
